

SALVATORE "SAL" J. GIANI

I believe that the greatest work we can do in life is to develop and improve ourselves and those around us. Others have invested in me to my own gain as a Leader, Father, Husband and Son. Ahead of all other priorities, I share what I have learned with others for their benefit. All business results can, and will, be met or exceeded when those I lead feel invested in, valued and that they are developing personally, as well as professionally.
